

PANTMASTER

The Leonard PantMaster™ is the perfect way to de-wrinkle, dress pants, washed or conventional cotton casuals, jeans, skirts and shorts.

The Vaporpress by Leonard PantMaster™ is designed to provide the “soft finish” look. Versatility exists as it is also the perfect way to de-wrinkle dry cleaned dress pants, washed or conventional cotton casuals, jeans, skirts and shorts.

Standard features:

- 99 program microprocessor control
- Steam heated waist form and a multi directional live steam spray system covers the entire garment with pre-steam pedal to pre-condition garment
- Padded fly press assuring a quality finish without zipper marks and pleat paddle finisher with “clamp-on” pressure system for finest pleat finishing
- Automatic alignment of the legs and closing of cuff clamps by photocell
- Auto tensioning of waist and legs - program starts automatically with closing of the last leg clamp or pleat paddle
