

SHIRTMAS - TST

The Leonard Shirtmaster-TST is an ergonomically designed tensioning finishing system perfect for the professional laundry.

TST Innovations include:

- Downward tensioning on the body and side seams, rotating cuff clamp assures perfect alignment of the sleeves for a superior overall finish.
- Self-contained vacuum for vacuum across the entire dummy for positioning and setting of the placket
- Self-contained 3 HP high volume heated air blowing system
- Optional shoulder pressing. The advanced technology makes the Shirtmaster the modern production finisher for shirts.
